

Command

```
graph BT; A["numpy.distutils.command.config_compiler.config_fc"] --> B[Command];
```

A diagram showing a relationship between a module and a Command object. A light gray box at the top contains the word "Command". A dark gray box at the bottom contains the module path "numpy.distutils.command.config_compiler.config_fc". A blue arrow points from the top of the dark gray box to the bottom of the light gray box.

numpy.distutils.command.config
_compiler.config_fc
